## 5 Drawer organizers / wood drawers

All drawers can be ordered with organizers—designed to support the rhythm of everyday life.

Organizers for wooden drawers are crafted from solid oak and are available in natural oak, smoked oak, or ash. Choose from knife racks, cutlery trays, spice holders, plate holders, and multi-compartment inserts—all designed to keep your kitchen essentials beautifully in place.

Waste sorting solutions are available in a range of configurations to suit your specific waste streams, complete with plastic waste bins and lids.

Divider T1 with three partitions. Use partitions to creation room for smaller items.

For steel drawers, organizers are available in black or white steel. Organizers include knife racks, cutlery trays, spice holders, plate holders, and multiple-compartment inserts designed to support the rhythm of everyday life.

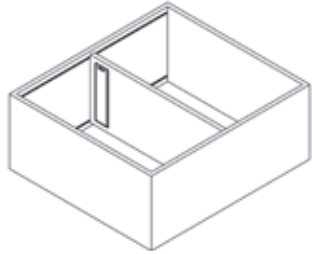

The illustrated sets on the following pages show suggested configurations, but the system is modular. You can create your own arrangement by planning dividers and partition walls individually. We're here to guide you through the process, ensuring a solution tailored to your space.

Waste sorting solutions are available in a range of configurations to suit your specific waste streams, complete with plastic waste bins and lids.

LED spotlights

## 51 Lighting

Our LED recessed spotlights are available in stainless steel, black, or raw brass and can be mounted directly into your kitchen cabinets, designed to illuminate countertops. Our strip lights are fully integrated interior lights designed for drawers and cabinets. These lighting options are designed to bring focused light exactly where you need it—without interrupting the flow of your space.
